THE

TELEGRAPHIC JOURNAL

AND

ELECTRICAL REVIEW.

VOL. XVI.

JANUARY 3—JUNE 27, 1885.

LONDON:

H. ALABASTER, GATEHOUSE & CO.

22 AND 29, PATERNOSTER ROW.

Sci 1490.13

JUN 20 1917
TRANSFERRED TO
HARVARD COLLEGE LIBRARY

London
Printed by the Proprietors,
22 and 29, Paternoster Row, E.C.

INDEX.

ABANDONMENT of the Waterloo electric railway, 471
Accumulators, Charging and discharging, 561
„ Determination and registration of the charge of, 526
„ and induction coils, 558
Admiralty telegraph wires, 382
Aerial lines and fires, 337
„ navigation, 559
Affray in Australia, 100
Albert medal, The, 242
Amalgamating interests, 34
American Bell Telephone Company, 14
„ electric railway, An, 221
„ Exhibition (London, 1886), 471
„ telephone companies, 57
Ampère, ohm and volt, On the direct measurement of the, by J. Kessler, 321
Ampèremeter of M. Hesehus, 441
Andrews's automatic cut-out, 404
Anglo-American Brush Electric Light Corporation, 102
Antwerp Exhibition, 427, 561
Apparatus for incandescent electric lighting, 419
Applegarth's patent corrugated battery cells, 102
Applications of electricity to railway signalling, 45
Arcadiana, The, 267
Arc lamp scores a victory, 470
„ „ tests, 559
„ „ The Belfast, 340
„ „ The Kay, 441
„ „ Varley's flexible carbon, 377
„ „ to use with glow lamps, New, 404
Armatures, Solid *v.* laminated, 301
Armington & Sims engine, 35
Army telegraph appointment, 100
Astatic galvanometer, A new, by C. L. R. E. Menger, 325
Atlantic cables, 197, 382
Auto-accumulator, On a new battery called the, by M. Jablochkoff, 482
Automatic commutator for Jablochkoff candles, 503
„ cut-out, Andrews's, 404
„ (Tumbler) cut-out, 74

BAGSHAW'S friction pulleys, 493
Balloon steering by electricity, 293
Ball unipolar inductor machine, 150, 199
Baltimore tramcars to be run by electricity, 220
Bassano-Slater improved telephone, 486
Batteries, B. T. K. storage, 383, 391, 395, 401, 426
„ Brush secondary, for train lighting, 128
„ Electromotive force of, 60
„ for electric lighting, 103
„ Fritt's selenium cells and, 208
„ Jablochkoff's new, 471, 482, 492
„ oxide of copper, F. de Lalande and G. Chaperon On the consumption of zinc in, 327
„ Primary, 60, 199, 494
„ Secondary, 32, 36, 59, 82, 197, 242, 267, 293, 514, 551, 560
Battery cells, Applegarth's patent corrugated, 102
„ Another Jablochkoff, 60, 559, 574, 577
„ Lalande-Chaperon, 127, 199, 221, 577
„ oxide of copper, Dr. Van der Ven On the, 278
„ tests, 421
„ „ Secondary, 567, 576
Bayley's electro-motor, 422, 538
Belfast arc lamp, 340
Bell, The De Redon, 26
Bell-Drawbaugh case, 35
„ telephones in America, 382
„ telephone patents in America, 535
„ „ „ „ Austria, 313
„ „ „ „ Canada, 81, 119, 150, 176, 219, 290, 313
„ „ „ „ England, 315
Belts, Large Gandy, 175
Berry, Ernest L., On the electric light at the Prince's Theatre, 331
Berthoud-Borel lead covered cables, 334
Bidwell railway at the Boston Exhibition, 102
„ Shelford, On the changes produced by magnetisation in the length of rods of iron, steel and nickel, 460
Birmingham Electric Lighting Bill, 255, 403
Blackpool Electric Tramway Co., 60, 220
Blakey, Emmott & Co.'s works, 221, 451
Boston Electrical Exhibition, 103
Bouty and Cailletet, MM., On the electro-conductivity of solid mercury and of pure metals at low temperatures, 465
British Association, 221, 242, 299, 471
Brush secondary batteries for train lighting, 128
Brush patent, The, 339
Brussels Electric Light Exhibition, 80
B. T. K. storage batteries, 383, 391, 395, 401, 426
Burstyn, M., On the electric discharge of artillery on board men-of-war, 442

CABLE—
American to Asia, Proposed, 197
Another Atlantic, 175, 198
An Auckland-Fiji, 576
A big, 127
A Canadian, 337
Cape de Verde Islands, 58
competition, 127
connecting Tasmania with the Mainland, 337
connections in the Red Sea, 360
Direct United States, 174
Fastnet, 35, 82, 101, 127, 451
Hong Kong and Signapore, Proposed, 382
interruptions, 15, 102, 381, 514
Isle of Man, 337, 360, 425
for Japan, 312
Lundy Island, 176, 240
Paterson's patent, 46
Persian Gulf, 558
A Port Hamilton-Nagasaki, 536
Portuguese-West African, The new, 15
rates, Atlantic, 469
recorder, Ebel's relay and, 91
ships, and water condensing, 550
„ New, 15, 100, 197, 425, 449
to Singapore, Proposed, 491, 514
South African, 376, 469
tariff, Reduction of, 15
West African, Proposed, 52, 314
between Western Australia and Mauritius and Natal, Proposed, 381
Zanzibar-Mozambique, 127, 197
CABLES—
African, 174
Atlantic, 197, 382
Berthoud-Borel lead covered, 334
Cape, 365
Central American, 314
Dynamitards and submarine, 129
Electric, 23
„ light, 36, 58
Felten and Guillaume's telephonic, 334
Henley's ozokerited India-rubber, 240
to Japan, 487
Kinetic Engineering Co.'s, 15
Mackay-Bennett, 58, 82, 103, 174
for military purposes, 567
Protection of submarine, in time of war, 111
Submarine, and war prospects, 360
West African, 422
Cailletet and Bouty, MM., On the electro-conductivity of solid mercury and of pure metals at low temperatures, 465
Calculating machine, Edmundson's, 328
Calibration of measuring apparatus, 293
Carbons for arc lamps, 560, 570, 576
„ Improvements in, 151
Cardew's voltmeter, 516
"Cast your bread upon the waters," 198
Cat's 300-mile spin, A, 494
Cavalliero do Christo, 14
Cement for connections in incandescent lamps, 339
Changes produced by magnetisation in the length of rods of iron, steel and nickel, by Shelford Bidwell, 460
Chaperon, G., and Lalande, F. de, On the consumption of zinc in oxide of copper batteries, 327
Charging secondary batteries, by W. H. Preece, 487
Cheap telegraphy and codification, 510
Chicago wires, 220
City and Guilds of London Institute, 220, 242, 292
CITY NOTES—
Anglo-American Brush Electric Light Corporation, 105, 131, 429, 474, 496, 563
„ „ Telegraph Company, 107, 153, 295
Australasian Electric Light, Power and Storage Company, 17, 223, 243, 270
Blackpool Electric Tramway Company, 496
Brazilian Submarine Telegraph Company, 107, 246, 407, 428, 517
British Electric Light Company, 361
„ Insulite Company, 156
„ Spiral Telephone Wire Syndicate, 407
Brush Midland Electric Light and Power Company, 62
Compagnie Francaise du Télégraphe de Paris a New York, 581
Consolidated Telephone Construction and Maintenance Company, 38, 246, 361, 474, 495, 563, 581
Cuba Submarine Telegraph Company, 62, 85, 105
Direct Spanish Telegraph Company, 294, 317
„ United States Cable Company, 107, 130, 407
Dundee and District Telephone Company, 107, 152, 580
Eastern Extension, Australasia and China Telegraph Company, 270, 295, 385, 405, 429
„ and South African Telegraph Company, 18
„ Telegraph Company, 85, 104, 295, 407, 453
